

300w12v to 220 inverter

Overview

This 300W pure sine wave DC to AC inverter converts 12V/24V DC power to 220V AC power, suitable for lead-acid or lithium battery systems, ideal for off-grid applications, with CE certification and 1-year warranty. This 300W Inverter can reverse the DC power from the battery into. This AIMS power inverter provides reliable transformation of DC power from a battery (such as the one in a car or RV) into AC power that can then be used to run lights, computers, printers, televisions, medical equipment and a broad range of appliances. Perfect for OEM/ODM customization and global distribution. This product is currently out of stock and. The cooling fan system makes the car power inverter very silent when operating, and the fan runs faster when the device gets warmer or output power exceeds 70W. Thereby protecting your equipment more effectively. Come with a USB port, 12V to 110V inverter can be a universal outlet for fast-charging electronic devices.
