

# Baku electric vehicle safety

## Overview

---

While fully electric vehicles have been exempt from excise duties and VAT since 1 January 2019, they are still subject to a 15% import duty. During the first 10 months of 2024, Azerbaijan imported 2,592 electric vehicles, with Chinese-manufactured models accounting for a 77 percent share. Government incentives and growing infrastructure support this transition, aiming to reduce reliance on hydrocarbons.
