

Can huawei portable power bank be used

The image shows a stack of six white Huawei portable power banks on a green background. In the background, there is a house with solar panels on the roof. To the right of the stack are four circular icons: a hand pointing to a button, a globe, a battery with a lightning bolt, and a bell with a lightning bolt. Below these icons are four lines of text: 'easy to install and use', 'World wide Products', 'faster charging and discharging', and 'Multiple protection with alarm systems'. Below the text is the heading 'Can save energy' and a paragraph: 'the battery capacity can be increased freely and flexibly according to the situation of home use. Rechargeable lithium batteries use safe LiFePO4'.

easy to install and use

World wide Products

faster charging and discharging

Multiple protection with alarm systems

Can save energy

the battery capacity can be increased freely and flexibly according to the situation of home use.

Rechargeable lithium batteries use safe LiFePO4

Overview

Huawei's 100W 12000 mAh Power Bank can be used to charge two devices simultaneously via the integrated "ultra-durable" USB-C cable and a USB-C port.
