

Can the locker of the Sagitar be pulled out

Overview

To lock the lockers, just pull the rope tight and press it into a jam cleat. Nothing can go wrong with that! And would-be thieves won't know where to start to open the locker. The reason why the key of the Sagitar car cannot be pulled out may be caused by multiple factors. Here are some possible solutions: 1. If the steering wheel is not properly aligned or locked, it may prevent the key.
