

Clean Solar Photovoltaic Panels

Overview

Before cleaning solar panels, turn off power to them. Dislodge any loose debris or dust with a soft brush. Spray down the panels with a hose and scrub any stuck-on dirt areas gently with a soft brush and water or a special cleaning solution for heavily soiled areas. Solar panels are a great way to use renewable energy in your home, but they get dirty over time. In this article, we'll teach you everything you need to know. Learning how to clean solar panels can improve the efficiency of solar energy systems and reduce home energy costs. We may earn revenue from the products available on this page and participate in affiliate programs. However, their efficiency hinges on a clean surface.
