

Construction of new energy storage projects in Malaysia

Overview

Malaysia is rapidly expanding solar and other intermittent renewable generation, creating strong momentum for energy storage. The country's first four large-scale grid-connected storage projects have attracted significant interest, with more than 20 companies submitting over. KEDAH, 17 March 2025 - EVE Energy Co. (EVE Energy) has officially committed to a significant expansion of its Malaysian operations, signing a landmark Memorandum of Understanding (MoU) with InvestKedah. Bidders were shortlisted from 28 applications received by the Southeast Asian country's Energy Commission (Suruhanjaya Tenaga, ST) in the inaugural. EVE's Malaysia factory project consists of two phases. 3 million US dollars, located in Julin County, Kedah, Malaysia.
