## Cyprus Enterprise Energy Storage Project

---

### [Cyprus Launches First Major Battery Energy Storage System](#)

Cyprus has commissioned its first major battery energy storage system (BESS). Discover the 50 MW project's partners, technical details, and impact on grid stability and renewables.

### [Cyprus switches on first significant battery system](#)

Cyprus has taken a step toward modernizing its energy infrastructure with the commissioning of a 3.3 MWh BESS as part of the Apollon PV Park. Operated by the University of ...

### [Cyprus aims to complete energy storage system by 2026. launch](#)

The government plans to complete a new energy storage system, along with storage installations at two Electricity Authority of Cyprus (EAC) power plants, by June 2026, Government ...

### [Cyprus to Launch Renewable Energy Storage Systems by 2026](#)

Cyprus is poised to introduce large-scale renewable energy storage solutions by 2026, a move aimed at addressing the nation's increasing demand for effective energy management.

### [Green light for one of first standalone battery investments in Cyprus](#)

The Electricity Authority of Cyprus plans to upgrade the nearby Psevdas high-voltage substation by 2029 to integrate the standalone battery system. Construction work is expected to last ...

### [Cyprus regulator approves TSO-owned battery storage](#)

Cyprus Energy Regulatory Authority (CERA) announced the approval earlier this week (18 June) of three projects which will be owned and operated by the Cyprus Transmission System ...

### [Cyprus Approves Big Battery Energy Storage System Project](#)

Cyprus' Department of Environment has approved a project for what is set to become one of the country's first battery energy storage systems with HESS Hybrid Energy Storage Systems is ...

### [Cyprus to establish first large-scale energy storage system by 2026](#)

Cyprus will establish its first large-scale electricity storage infrastructure within the next 16 months, Energy Minister George Papanastasiou announced at the Green Agenda Cyprus Summit ...

### [The largest energy storage centre in Cyprus will be built in Larnaca](#)

The Cyprus Department of the Environment has approved the construction and operation of a modern energy storage facility with a capacity of 59 MW and a storage capacity of 120 MWh in the Psevdás ...

### [Energy Storage Projects in Cyprus: Key Developments and Future ...](#)

Cyprus is rapidly embracing energy storage solutions to support its renewable energy transition and ensure grid stability. This article explores the latest advancements, challenges, and opportunities in ...
