

# Does the photovoltaic panel installation project pay taxes

## Overview

---

Under most circumstances, subsidies provided by your utility to you to install a solar PV system are excluded from income taxes through an exemption in federal law. The credit is not available for any property placed in service after Decem. You may be able to take the credit if you. • The federal residential solar energy credit is a tax credit that can be claimed on federal income taxes for a percentage of the cost of a solar photovoltaic (PV) system. However, due to the “One Big Beautiful Bill Act,” signed into law in July 2025, this.
