Overview

We offer a range of solar systems specially designed and tested for tropical conditions, from the most compact one able to power a simple phone/laptop/tablet and a few bulbs, to larger solar systems tailored to power entire homes or businesses such as resorts. Sustainable Earth Dominica has partnered with reputable international manufacturers to bring quality solar products to the Caribbean. The government 's goal is to attain 100%. Hydro Generation: Water pressure is applied to a waterwheel that turns a shaft that turns the rotor. With our expertise and commitment to excellence, we have earned a reputation as one of the best solar EPC companies in the Dominica. © 2023 Invest Dominica Authority.
