

Energy storage container is the first of its kind in Narada

Overview

Narada Power has announced the global availability of its Center L Ultra BESS, a 6.25 MWh liquid-cooled solution housed in a standard 20-foot container, that is designed for two- to eight-hour applications. Global installed capacity is up to 8 GWh, and energy storage services benefit more 40 countries. With more than 17 years' experience in energy storage, Narada becomes the integrator of battery energy storage system technologies. Constantly focus on three application fields: power generation, grid and. Chinese manufacturer Narada Power has commenced global shipments of its Center L Ultra 6.25 MWh liquid-cooled battery energy storage system (BESS), while its solid-state variant remains in the pipeline. The system delivers a capacity of 6.25MWh housed. Shanghai, June 11-13, 2025 – Narada Power Source made a significant impact at the SNEC PV+ 2025 International Solar Photovoltaic and Energy Storage Exhibition, held at the Shanghai National Convention Center.

Energy storage container is the first of its kind in Narada

Narada Power

Narada integrates the concept of sustainable development into the whole process of operation. We are spearheading in the global hottest energy storage events. 130MWh! Narada Expands Its Energy ...
