

Free to join solar power generation

Overview

Whether you're a renter, don't have a solar-compatible roof, or you prefer not to install equipment on your property, you can sign up for a community solar project. When you subscribe to a local community solar farm, you reap the benefits of solar energy without purchasing any. Cliff Kaehler left his fifth-generation family farm to work in renewable energy but the promise of solar brought him home. Starting with one array on the family land, he and his family launched their first community solar project, delivering cheaper power to their neighbors. u2028 Today, that mission. Did you know that wind and solar power generation are set to surpass nuclear power generation by 2026?

While there is a notable uptick in clean energy adoption among first-world countries and emerging markets, there is still a lot of progress to be made - and renewable energy nonprofits are leading. Instantly sign up online and digitally connect to a solar farm in your community. Our professional support team try to do their best to provide you with high-quality consultations concerning any question about our services. **SAVE THE ENVIRONMENT WITH A COMMUNITY SOLAR PROGRAM.** Eligibility generally requires residency within the utility's service.
