

How long is the 30-tube solar bracket

Overview

This is a heavy duty kit for mounting one or two solar panels on any surface, though the provided 1/4 x 3 inch roof mounting screws may not be what you need. The panel clamps adjust from 1-1/8 to. This solar panel roof mounting kit create a strong connection between the panels. This type of installation reduces the impact of the weight of the PV system on the suction of the roof covering Premium Material, Durable and Long-lasting: Anbte solar panel brackets are made of aluminum alloy. The IntegraRack IR-series are solar panel frames set at two fixed angles, either 15° or 30°. IntegraRack's frames ship and install easily, as each frame comes in a 48x5x5in box and does not. Pay \$10. 90 after \$25 OFF your total qualifying purchase upon opening a new card. Return this item within 90 days of purchase. To verify or get additional information, please contact The Home Depot customer service. 30°-90° adjustable angle maximizes sunlight exposure and energy efficiency. High load capacity and carbon steel structure provides lasting stability, making it the perfect choice for solar panel setup.
