

Jamaica 50MW solar energy storage area

Overview

The project, which is being led by Mscale LLC through the Caribbean Venture Capital Fund, has taken an 10 per cent equity stake in SunTerra Energy (Jamaica) Limited (SEJL) to develop the 50 megawatt solar park, which has 80-megawatt solar panels behind it. The project will be built in two phases. This collaboration is set to deliver a 50-megawatt (MW) solar park, a project poised to fundamentally enhance the island's energy independence and provide clean, affordable power to its communities. The reservoir is operated by the NWC. FOR IMMEDIATE RELEASE Fitzroy Vidal, Vice President for Project Management and Climate at Sunterra Energy, served as moderator for.
