

# Japan Energy Storage Base Station Project

## Overview

---

Japan's largest renewable battery storage project will be co-located with Sonnedix's 30 MW AC/38. It is expected to enhance grid stability and improve dispatch flexibility. (TSE:6501, "Hitachi") has recently delivered a set of grid energy storage system \*1 to Matsuyama Mikan Energy LLC (Matsuyama Mikan Energy) \*2 for its newly constructed Matsuyama Battery Energy Storage System (Matsuyama BESS) in Matsuyama City, Ehime Prefecture. This facility aims to stabilize the electric grid in Hokkaido and is significant in marking the creation of a new business model for energy storage pioneered by Sumitomo Corporation. Today we.
