

Manufacturer of 20kW outdoor photovoltaic cabinets for subway stations

Overview

SWA ENERGY outdoor cabinets are engineered for harsh environments and long-term outdoor operation. With IP54/IP55 protection, anti-corrosion design, and intelligent temperature control, they are ideal for telecom base stations, remote power supply, and containerized microgrids. The outdoor photovoltaic energy cabinet can provide reliable housing for network servers, edge computers, professional equipment, monitoring systems, photovoltaic, and battery systems. It is a unified power supply platform system that supports various AC and DC input and output formats, meeting HBOWA PV energy storage systems offer multiple power and capacity options, with standard models available in 20KW 50KWh, 30KW 60KWh, and 50KW 107KWh configurations.
