

Microgrid Introduction Course

Microgrid Introduction Course

[This bike path in the Netherlands is made from plastic waste](#)

Dutch cyclists rode down the world's first bike path made entirely of discarded plastic this week, in a move aimed at reducing the millions of tonnes wasted every year.

[Microgrids can secure electricity supply during disasters , World](#)

Renewables-based microgrids and peer-to-peer (P2P) energy trading can boost energy security as they are self-sufficient and run independent of large grids.

[Chattanooga airport is now completely solar-powered , World ...](#)

Tennessee's Chattanooga Metropolitan Airport recently became the first U.S. airport powered by 100 percent solar energy. Started in 2010, the \$10 million microgrid project includes a ...

[The start-up tackling Nigeria's reliable power challenge , World](#)

Amid an electricity crisis, many Nigerian small businesses run on petrol generators. This solar-microgrid start-up is working to connect them to clean energy.

[What are microgrids - and how can they help with power cuts?](#)

Microgrids can step in when the main electricity grid fails. And as they can be powered by renewables, they are a sustainable and affordable option, too.

[How AI could unlock capacity and strengthen energy security](#)

The need for energy security, along with reliable, affordable, low-carbon power, has never been greater. AI is helping to meet rising demand and support this goal.

Applications

[The small island states making big strides towards net zero](#)

Pacific small island states, contributing only 0.03% of global emissions, are leading with ambitious renewable energy projects and net-zero goals by 2050.

[These Dutch microgrid communities can supply 90% of their energy ...](#)

Local communities generating their own power could become 90% energy self-sufficient, with potential to be fully self-reliant in the future, according to a Dutch study.

[How to finance battery energy storage , World Economic Forum](#)

Battery energy storage systems can address the challenge of intermittent renewable energy. But innovative financial models are needed to encourage deployment.

[XENDEE , World Economic Forum](#)

XENDEE is the team and technology supporting distributed energy and microgrid energy solutions. It is a comprehensive distributed energy resource (DER) design and operation software platform. Its ...
