Overview

5A) continuous output (with PV) / 10.0 kW (42A) on battery alone 20 kW (84A) 1 second surge at 240 volts, 13 kW (108A) 1 second surge on 120 volt leg. 3 units for 208vac three phase. 11.15 kW max PV array. Our Rosie inverter offers the surge power of a low frequency inverter, with the added benefit of reduced weight. This means that you get the best technology can offer: reliable power, light weight and incredible surge without any compromises. MidNite Solar is constantly pushing the boundaries to. Bring unstoppable, utility-bill-slashing power to your home or business with MidNite Solar's flagship all-in-one inverter, high-output bifacial panels, and long-life LiFePO4 (Lithium Iron Phosphate) batteries—everything you need for dependable backup and everyday savings in one streamlined package.
