

# Namibia s energy storage power station under construction

## Namibia's energy storage power station under construction

---

### [OMBURU BATTERY ENERGY STORAGE SYSTEM \(BESS\) ...](#)

Surplus electricity from RE generation as well as cheaper electricity imports from the Southern African Power Pool (SAPP) can be stored in the BESS. The stored energy could supply customers during ...

### [Namibia's energy storage power station under construction](#)

NamPower, Namibia's state-owned power utility, has signed a contract with a Chinese joint venture to build the first utility-scale battery energy storage system (BESS) in the country and the Southern ...

### [First Shipment Arrives for Namibia's Landmark 51MW Omburu Battery](#)

Namibia has reached a major milestone in its renewable energy journey with the arrival of the first shipment for the Omburu Battery Energy Storage System (BESS) Project, the country's first ...

### [Mega battery to facilitate breakthrough for renewables in Namibia](#)

The storage facility will be built at the Omburu substation, an existing grid node in northern Namibia. When the BESS is connected to the grid in early 2026, it will be one of the largest energy storage ...

### [Namibia to build first utility scale battery energy storage system in](#)

NamPower, Namibia's state-owned power utility, has signed a contract with a Chinese joint venture to build the first utility-scale battery energy storage system (BESS) in the country and the Southern ...

### [NamPower receives first shipment for Omburu Battery Storage](#)

Located near Omaruru, the Omburu BESS Project will provide 51MW/51MWh of capacity using lithium-ion (LFP) battery technology. Once operational, it will allow electricity to be stored for ...

### [NamPower to receive batteries for Omburu project](#)

The project, located at the Omburu Substation near Omaruru, aims to help NamPower manage electricity demand and supply more efficiently through energy storage and the reduction of ...

### [Namibia: EPC contract signed for first-ever grid-scale BESS](#)

Key contracts have been signed for the first-ever grid-scale battery storage project in Namibia, signifying the African country's dedication to modernising its energy infrastructure, ...

### [Namibia's power corp launches procurement for 90 MWh battery ...](#)

The Namibia Power Corporation (NamPower) has opened the Initial Selection stage for the engineering, procurement, and construction of the 45 MW / 90 MWh Lithops battery energy ...

### [Namibia's Energy Storage Breakthrough: The 54MW BESS Project ...](#)

You know how southern Africa's been struggling with power shortages? Namibia's just made a game-changing move. In December 2023, the country signed contracts for its first utility-scale battery ...
