Overview

Since US plugs are designed to be used with type A and type B outlets, North American travelers don't need a travel adapter in order to charge their devices in Nicaragua. Nicaragua is a country in Central America with beaches on the Caribbean and Pacific coasts, with hundreds of square miles of virgin rainforests, mist-shrouded volcanoes, and wild rivers and lakes. Planning a trip to Nicaragua and wondering if you need a power adapter?

Look no further! We've got you covered with this comprehensive guide on. Type A electrical plug sockets are used in North and Central America, including the United States, Canada, and Mexico. They have two flat pins and no grounding pin. These outlets are typically used with devices that have a voltage of 110-120V. Plug Type A is. In Nicaragua, types A & B are the official standard. The type of power adapter, power converter or charger that you'll need when visiting Nicaragua all depends on the voltage and type of device that you're trying to charge in a Nicaraguan.

Nicaragua Outdoor Power Charging

Nicaragua Power Adapter
