

Off-grid type folding container for cement plants

Overview

The Horizontal Cement Silo, which is also known as container cement silo, is a new type of bulk cement storage silo. This plant fits conveniently inside shipping containers. With a large selection of plants ranging from decumulative to accumulative and dry to wet batch, the LPC plant provides the options. They are the most ergonomic and easily transportable batching plants made by PROTEM, offering one of the highest productivity and aggregates storage capacities in the market. Each plant is delivered in 5 container sized modules, transported in the same way as standard containers minimizing all. Portable concrete batch plants, mixers, and silos that perform — anywhere you work.
