

Personal experience with solar power generation

 **LFP 12V 200Ah**

Overview

We've quizzed three homeowners with solar panels about the process of getting them installed and how they find them now. Solar panels: How much of your electricity can they provide?

Who. The shift towards renewable energy sources has gained significant traction over the past decade, and solar energy is leading the charge. This is perhaps not surprising considering the field of work that I am in, but nevertheless it was something that I had. When I lived and worked in West Africa for two years, Solar Power was my only source of power at my house. I've looked into it, and will probably get it on my next house (at least if it's a place I intend to stay in 10+ years. As a former journalist who notes every detail, I wanted to record a full year of data before sharing my experiences.
