

Photovoltaic bracket connector model

Overview

When it comes to PV connector types, there are several options available in the market, each with its own set of features and specifications. By using the Co-Browse feature, you are agreeing to allow a support representative. High-quality connectors are critical for photovoltaic (PV) performance and safety. SOLARLOK connectors are engineered to minimize power loss and. The solar photovoltaic industry uses several types of connectors or standard non-connector junction boxes. Professional aluminum Z-brackets, cable clips, Y-branch adapters, and direct-to-deck mounts for rooftop, RV, and off-grid solar installations.
