

# Photovoltaic pv systems guinea

## Overview

---

Guinea has launched a major solar power project to bring clean energy to 72 rural communities and install solar streetlights across 20 urban areas. Supported by the World Bank, this initiative aims to boost the country's energy infrastructure and promote sustainable development. You can read more. SEPCO offers a wide variety of commercial off grid solar power systems for stand-alone power applications that offer an environmentally friendly alternative to standard electrical power. We design, manufacture, supply and install off-grid. Sunpal Power, a global leader in high-performance solar photovoltaic systems, has successfully implemented a transformative 5kW off-grid solar system in Guinea.
