In case the inverter is not connected to the monitoring platform via Ethernet or cellular, these instructions include setting up communications to the monitoring platform.

[Communication Board Replacement in Three Phase Inverters](#)

To install the replacement communication board: Place the communication board on the adapter. Position the grounding strip over the communication board, as shown below. Fasten the communication board to the ...

[Device Replacement Procedures](#)

Before you replace the inverter or the Wi-Fi dongle, you need to do a 'Device Replacement' via iSolarCloud App first. Otherwise, the data upload may be abnormal or the online monitoring may not work properly.

Installation Manual

This section describes the replacement of an inverter with Webconnect communication in Sunny Portal in your Sunny Portal system. Thus, the new inverter replaces the previous inverter and the data are properly ...

Outdoor Cabinet BESS
50 kWh/500 kWh Battery Storage System
Industrial and Commercial Energy Storage

- All In One**
Integrating battery packs
- High-capacity**
50-500kWh
- Degree of Protection**
IP54
- Operating Temperature Range**
-20-60°C (Derating above 50 °C)
- Intelligent Integration**
Integrated photovoltaic storage cabinet
- Rated AC Power**
50-100kW
- Altitude**
3000m (>3000m derating)

3 Phase Comm Board Replacement Procedure

Use a pair of pliers to compress the plastic locking bracket located in the center of the board. While compressing the locking bracket, gently wiggle the board with your free hand to remove it from the ...
