[Solar-Powered Classroom . Lesson Plan](#)

EngageExploreReflectMake Career ConnectionsLesson Plan VariationsAsk each group to briefly tell the class about the solar power system they designed (number of panels, wattage, cost, etc.). Compare systems between different groups. Did any groups design identical systems with the exact same number and type of solar panels? Did any group design a unique system with a solar panel that no one else found? Optional: See more on sciencebuddies Missing: TemplateMust include: TemplateGeneration180
