

# Solar Support Market Research

## Overview

---

Each presentation focuses on global and U. supply and demand, module and system price, investment trends and business models, and updates on U. Key updates from the Fall 2024 Quarterly Solar Industry Update. NLR's solar market research and analysis spans foundational analysis through technology application in real-world contexts. It includes solar technology costs, policies, markets, siting and integration, and technical assistance to stakeholders. NLR produces data, analysis, and tools to help. The US solar industry installed 10.8 gigawatts direct current (GWdc) of capacity in Q1 2025, a 7% decline from Q1 2024 and a 43% decrease compared with Q4 2024 but still the fourth largest quarter on record. 25 billion in 2025 at a compound annual growth rate (CAGR) of 1. The growth in the historic period can be attributed to rising population in developing countries, growing adoption of renewable sources for power generation, growing replacement for. South America's solar surge: 160 GWdc by 2034, emerging markets shine as mature ones slow, positioning the region as a global solar powerhouse.

## Solar Support Market Research

---

### [Solar Energy Market Size, Industry Analysis, Share, Forecast 2034](#)

The solar energy market is projected to grow at a significant rate due to increasing government incentives and policy support, rising demand for clean and affordable power amid decarbonization ...

### [Solar Market Insight Report Q2 2025](#)

Solar accounted for 69% of all new electricity-generating capacity added to the US grid in Q1 2025. The US added 8.6 GW of solar module manufacturing capacity in Q1, bringing the total to ...

### [Solar Market Research and Analysis , NLR](#)

NLR gathers datasets, conducts analysis, and develops tools to inform adoption of solar energy to benefit industries and communities across the United States. We welcome your feedback ...

### [Solar Market Research and Analysis o Reports & Solar energy forecasts](#)

In this news section, you can get familiar with our regularly updated compilation of publications related to solar energy market research and analysis. Let's keep track of relevant ...

### [Quarterly Solar Industry Update](#)

Each quarter, NREL conducts a presentation of technical trends within the solar industry.

### [Solar Power Market Growth Forecast & Market Dynamics \[2024-2034\]](#)

Download a free sample report to explore data scope, segmentation, Table of Content and analysis before you make a decision. The Solar Power Market was valued at USD 273.8 billion in ...

### [Solar Market Size, Competitors, Trends & Forecast to 2029](#)

This solar market research report delivers a complete perspective of everything you need, with an in-depth analysis of the current and future scenario of the industry. The solar market consists of sales of ...

[Solar Energy Market Size, Forecast, Share & Report Analysis 2031](#)

Corporate power-purchase agreements (PPAs) from data-center operators, the growing pipeline of photovoltaic-battery hybrids, and accelerated policy support in land-constrained countries ...

[Research , Solar Market Research & Analysis , NLR](#)

NLR produces data, analysis, and tools to help communities and decision makers understand and overcome financial and policy barriers in established and emerging solar markets.

[Solar Market Size, Competitors, Trends & Forecast to ...](#)

This solar market research report delivers a complete perspective of everything ...

[Global Solar Energy Market Size, Share & Growth](#)

By linking solar systems with the Internet of Things (IoT), smart meters, and advanced energy management systems, users can track and optimize their energy usage in real time.
