

# **Solar power generation occupying the roof scam**

## Overview

---

While there are some government-funded solar programs for households that qualify, “going solar” isn't free. Honest businesses will tell you exactly how much it'll cost to get and install solar panels. Scams, schemes and straight-up fraud abound in the dark underbelly of an otherwise light-filled industry. While there are still many honest. Of course, there are thousands of CleanTechnica readers who have rooftop solar systems and can attest to the savings solar power provides. It's a very small percentage of rooftop solar companies, but it would be a lie to pretend. Scammers across the U. are going door-to-door, pitching “free” solar energy systems. If it sounds too good to be true, it probably is.
