

Steel Plant Communication Power Supply Cabinet Rack Type

Overview

The RAC series is a slim, heavy-duty rack cabinet designed for integrating EIA-compliant 19-inch or 23-inch rack-mount power supplies and electronic loads. Its robust yet compact design allows for high-density installation, maximizing space efficiency while minimizing footprint. Each OSP Enclosure is custom built to customer specifications. Moore has an extensive line of Outside Plant Enclosures including Ground Mount and Pole Mount Power Supply, Power Node, Node Cabinets and Environmental Enclosures. Moore. Belden offers a complete line of open frame racks and cabinets that support all applications, from single-rack or cabinet applications (such as retail and telecom closets) to high-density, multi-rack/multi-cabinet patching and switching fields (in computer rooms, data centers and central offices). Designed for maximum airflow and. Magna-Power's heavy-duty cabinet enclosures—fabricated by Magna-Power and available with or without product integration—are trusted by customers across many industries, including: military and defense, aerospace, industrial research and development, product testing, and education.
