

Uzbekistan backup energy storage battery

Solar Panel

PV Combiner Box

Lithium Battery

Hybrid Inverter

Overview

Uzbekistan is set to strengthen its energy grid with the country's largest standalone battery storage system, as Abu Dhabi's Masdar partners with JSC Uzenergosotish. The project was developed by Abu Dhabi-based Masdar. It pairs a 250 MW solar PV array with a 63 MW/126 MWh battery energy storage. Once operational in Q3 2028, the project will be capable of storing energy equivalent to powering approximately 1.3 million households for two hours. Abu Dhabi Future Energy Company PJSC – Masdar, a global clean energy leader, has signed a Battery Storage Service Agreement with JSC Uzenergosotish. Tashkent, Uzbekistan, — The World Bank Group, Abu Dhabi Future Energy Company PJSC (Masdar), and the Government of Uzbekistan have signed a financial package to fund a 250-megawatt (MW) solar photovoltaic plant with a 63-MW battery energy storage system (BESS).
