

# **Uzbekistan s Latest Model of Solar-Powered Folding Container with Extra-Large Capacity**

## Overview

---

Huijue Group newly launched a folding photovoltaic container, the latest containerized solar power product, with dozens of folding solar panels, aimed at solar power generation, with a capacity for mobility to provide green energy all over the world. Over the past five years, Uzbekistan's logistics sector has grown by 12% annually, driven by its strategic location on the Silk Road. Folding containers, with their space-saving design and cost efficiency, have become a game-changer for businesses looking to optimize storage and transportation. This guide. Summary: Prefabricated energy storage containers are revolutionizing Uzbekistan's power infrastructure. The container integrates 196 photovoltaic modules that can be electrically deployed and retracted in less than 30 minutes.
