

What kind of panel is csun photovoltaic panel

Overview

CSUN solar panels utilise PERC (Passivated Emitter and Rear Contact) cell technology, which enhances traditional cells. Conventional solar cells have two silicon layers called p-type and n-type. Global Manufacturing Footprint: CSUN stands out for its diverse global manufacturing, spanning China, the USA, Turkey, South Korea, and Vietnam, which is a unique approach for a Chinese solar panel manufacturer. Quick facts about CSUN - China Sunergy solar panels in the EnergySage Buyer's Guide: Are CSUN. CSUN solar panels are made by a Chinese company, China Sunergy Co Ltd (CSUN), founded in 2004 in Nanjing, Jiangsu, China. 4%, which is close to top brands like LG, SunPower, and Winaico solar panels. China Sunergy Co. CSUN is a global leading R&D and manufacturer of high- performance PV materials and solar panels.
