

Wind power photovoltaic and biomass power generation companies

Overview

Discover the top 17 green energy companies leading the market in 2025, with a combined market cap of \$844. These are the 10 biggest renewable energy companies by. Widespread adoption of solar and wind technologies continues to expand renewable generation capacity, which in turn supports global decarbonisation and plays a large part in sustainability strategies of some of the world's largest companies. While independent power producers are driving steady. In 2024, renewables accounted for the largest share of growth in total energy supply, with 38% surpassing natural gas at 28%, coal at 15%, oil at 11%, and nuclear at 8%. Renewable sources including solar, wind, hydropower and biofuels are vital in the transition towards less carbon-intensive energy systems. From the renewable fuels generated from landfill gas and.

[17 Largest Green Energy Companies Dominating the Market](#)

Discover the top 17 green energy companies leading the market in 2025, with a combined market cap of \$844.12 billion and innovative technologies driving the renewable revolution.

[Top 10: Renewable Energy Manufacturers . Sustainability Magazine](#)

Ørsted, headquartered in Denmark, is among the world's largest offshore wind power developers. It designs, builds, owns and operates offshore and onshore wind farms, solar projects, bioenergy facilities, ...

[Top 20 Renewable Energy Companies](#)

Below is a curated list of the top 20 renewable energy companies, showcasing their leadership in solar, wind, hydro, hydrogen, and energy storage. Each profile provides a snapshot of their mission, innovations, and ...

[Top 10: Renewable Energy Companies . Energy Magazine](#)

For the world's largest renewable energy companies, these figures signal a turning point - one where clean technologies are no longer marginal but central to the global power mix, accelerating a shift ...

[Renewable Energy Construction , Solar Energy Construction , Boldt](#)

From wind turbine to solar energy construction, biomass and hydro plant construction and maintenance, Boldt continues to develop resources to be at the forefront of renewable energy construction.

[10 Biggest Renewable Energy Companies in the World](#)

Renewable energy is a relatively new industry but it's growing quickly. These are the 10 biggest renewable energy companies by 12-month trailing revenue.

[Top 10 Biggest Renewable Energy Companies in the World \(2025\)](#)

To meet this growing demand, top renewable energy companies in the world are investing heavily in solar, wind, hydro, and other renewable projects, targeting to achieve 100 GW of gross installed renewable power ...

Renewable energy solutions

With our solutions and components producing renewable energy from sun, wind, water, biomass and more, we offer a holistic portfolio for sustainable energy supply.

Test certification
CE FC

Renewable Energy Company , Ameresco Solar, Wind, Biomass

Ameresco is a renewable energy company that develops and operates biomass, solar, wind, landfill gas and geothermal systems at utility scale.
