

Xiao Chen Laos Solar Power Light

Overview

The project is the first large-scale solar photovoltaic project in Laos. CGN will collaborate with more than 70 Chinese and Laotian enterprises to establish a benchmark project for electricity cooperation under the Lancang-Mekong Cooperation framework. Laos launched a 1,000 MW solar power facility in Oudomxay Province, one of the country's largest renewable energy projects. (Photo credit: CGN Energy Laos) Oudomxay Province on 13 December officially inaugurated a 1,000-megawatt solar power project, marking one of Laos' largest renewable energy. Construction has commenced on the first phase of the one-million-kilowatt photovoltaic project at China General Nuclear Power Corporation (CGN)'s clean energy base in northern Laos.
