

# Zimbabwe Distributed Energy Storage Operation Company

## Overview

---

It is the country's first dedicated renewable energy fund, and the foundation for building a distributed energy economy where none existed before. Beyond financing renewable energy, REF Zimbabwe seeks to establish a functioning market for small-scale, decentralized energy in. In response, the Zimbabwe Renewable Energy Fund (REF Zimbabwe) was launched in September 2024 with support from the Joint Sustainable Development Goals Fund (Joint SDG Fund) and in collaboration with the United Nations Educational, Scientific and Cultural Organization (UNESCO), the United Nations. NeedEnergy is a forward-thinking energy-tech start-up that focuses on sustainable energy solutions through advanced technologies, including the strategic deployment of renewable energy generation assets. ai, utilizes IoT data to analyze energy needs, which enhances energy. Several international firms have submitted bids to construct three large-scale power facilities to store electricity generated during periods of low demand and then release it back into the grid during peak demand periods.
